

Sale Name: The Sprucery Garden Center

LOT 670 - 1.25" Quaking Aspen, 8'

Description

1.25" Quaking Aspen, 8'

This common Colorado tree is fast growing and can reach approx. 35 feet in height and about 15 feet in width. This tree is great for partial or full sun. It has vibrant green leaves in the summer that turn stunning shades of yellow for the fall. This tree can grow at elevations up to 9,500 feet.

Quantity: 1
