

**Sale Name:** The Sprucery Garden Center

**LOT 35 - #15 Western Catalpa, 10'**

## Description

#15 Western Catalpa, 10'

This fast-growing tree with large, heart shaped leaves and beautiful white flower clusters is a Native of the central United States. It is very tolerant to tough conditions and adapts well to surrounding conditions. Its branching structure presents a bold and rugged appearance. This catalpa can quickly reach 50 feet tall with a 30 foot canopy and can grow in elevations up to 7,500 feet.

**Quantity:** 1
