LOT 221 - Autumn Blaze Maple Clump 3'-4'

Description

Autumn Blaze Maple Clump 3'-4'

Autumn Blaze Maple- This is a magnificent tree and one of the most common maple trees here in Colorado. While providing excellent shade, it is a very hardy maple. This fast growing tree is a beautiful cross between a Silver Maple and a Red Maple. With a

broad oval head and great branching, this tree thrives when planted in elevations under 6,500 feet. The max height is 50 feet tall and 40 feet wide.
